DESCRIPTION

Sunny Paint Remover is a acidic solution & aromatic solvent paint remover, specially formulated for stripping of old paint from surfaces.

- Strong
- Easy to use

TYPICAL USES

- Suitable to remove varnish, lacquer & enamel.
- Remove paint coating from metal pipe, metal tank, machine tool, benches, rail guard, floor ceiling, wall etc.

APPLICATION

- Use a soft bristle brush to flow on a heavy even coat. Allow to stand until the paint is completely softened. Remover the softened paint with a paint scraper.
- A second application may be necessary in stripping several coats of old paint.
- After removing the paint, the surface should be cleaned with solvent type cleaner to remove wax and grease. Hot water also can be used to the paint remover.
- Allowed the cleaned surface to dry thoroughly before painting.

HEALTH & SAFETY

Always keep paint remover out of reach of children. Ensure good ventilation during application and drying. Wear protective gloves and equipment when necessary to avoid excessive contact of the remover with skin. Do not smoke while applying. Highly flammable. Store in a cool dry place away from heat and sparks. Refer to MSDS for more safety information.
