

Environment Policy of Asian Paints Limited

Asian Paints is committed to manage its operations including deployment of resources using principles of sustainable development to minimize impact on environment communities.

- We shall comply with all statutory requirements. We consider compliance to statutory EHS requirements as the minimum performance standard and are committed to go beyond and adopt stricter standards. We shall work in partnership with the Government and Industry Associations for policy and regulatory reforms related to environment. We shall annually publish our environment performance to all stakeholders.
- We shall source our materials and products from vendors that comply with the child labor laws and other statutory regulations.
- We shall continually improve our products with an intention to reduce their environmental footprint. We shall inform the customers about the environment impact and safe use of our products.
- We are committed to protecting the environment by:
 - Adhering to highest operational standards for handling hazardous materials
 - Preventing Pollution & leveraging the 3R (Reduction, Recycle, Reuse) Principle and moving towards Zero Industrial Effluent Generation and Zero Hazardous Solid Waste Generation
 - Minimizing impact of end-of-life plastics generated out of our packaging material
 - Reducing Energy-Intensity, Carbon-Intensity and increasing contribution of Energy from Renewable Sources
 - Leveraging Rain Water Harvesting, Water Conservation & Water Replenishment and utilizing waste water as an alternate source
 - Nurturing Biodiversity within and outside our factory premises
- We are committed to continual improvement in environment related parameters in all business processes and shall track such improvements through measurable indicators.
