SMARTCARE REPAIR POLYMER

High-performance Repair Polymer

Areas of Usage: Mix with cement

- ★ Reduced Shrinkage.
- ★ Reduces Cracking.
- ★ Mortar Modifier.

SmartCare Repair Polymer is a high performance binder. It is recommended as a bonding agent for concrete/mortar in repair like spalled concrete - floors, chajjas, beams, slabs as it bonds old and new concrete surfaces strongly with plasters. It can also be used for waterproofing of toilets, bathrooms and small terraces.
