ROYAL BLACK COLLECTION

Epitome of Noble Elegance

In the grand halls of history, black has always been the colour of distinction — a statement of class, quiet confidence and timeless authority. Royal Black embodies this noble heritage, where deep, rich tones meet a sophisticated matt finish to create an aura of refined taste.

The classic elegant finish of our Canvas faucets command presence without demanding it, reflecting stories of aristocratic elegance and enduring grace.

SANTORINI BLUE COLLECTION

The Art of Serenity

A spiritual gateway floating atop the Aegean Sea, Santorini is a dream. It's a harmony of whitewashed villages, endless blue domes, and sunlit sea views that soothe the soul and awaken wonder. Santorini Blue is born from this very essence. The hue carries with it the salt-kissed breeze of the Cyclades, the effortless elegance of cliffside villas, and the timeless allure of Grecian simplicity.

Our exquisite Santorini Blue range captures the Aegean's tranquil magic, wrapping your space in soul-drenching serenity. Let Santorini Blue turn your home into a sanctuary where beauty is pure, design is poetic, and every moment feels eternal.

A Tale of Luxury

The unforgettable presence of French influence in fashion speaks of elegance and royalty — one that also reminds you of gold. France, home to many luxurious brands, has also produced numerous fashion icons, including members of the French nobility. One can only imagine the prestige of the finest blend, known as French Gold.

We rediscover the same essence of gold in our range of Canvas faucets. Surround yourself with the luxurious presence of French Gold in your space.

Warranty Terms and Conditions:

1. The warranty period is not renewed or extended on supply of spare parts during the warranty. The Company will, at its sole discretion, repair or replace any defective component or part of product with or without cost.
 2. The warranty shall commence on the date when the consumer telephonically lodges his warranty with the Company by contacting 1800-266-2079 or visiting the website bathsense.asianpaints.com and furnishing all the purchase and personal details requested by the Company ("the Commencement Date"), within 15 days of purchase.
 3. The Company or its Authorized Service Franchisee solely can service/repair the product.
 4. The warranty becomes null and void if installation is not done by a qualified and experienced technician and/or as per the installation procedure laid down by the Company.
 5. Hoses, rubber parts, plastic parts and consumables are not included in warranty. In case of defects on such products arising prior to installation, the company will decide on repair/replacement after inspection.
 6. This warranty is only effective if proof of purchase (original sales receipt) is provided with all warranty claims or requests.
 7. Warranty will cover only manufacturing defects of the product and will not cover any defects arising out of the control of the Company, like insufficient water pressure, high water impurities/hardness, breakage of parts due to excessive force etc. In no event shall the liability of the Company exceed the purchase price of the product. Improper care and cleaning will void the warranty.
 8. For optimum bathing experience, maintain a minimum water pressure of 1 bar (10 psi) and maximum of 5 bar (50 psi). In case of lower/higher pressure, use of external pressure pumps or pressure reduction valves respectively is recommended.
 9. Do not use cleaners/detergent agents which contain chemicals/bleach/acid etc. Most of the toilet cleaning products have high acidic content, which may damage the product surface/finish.
-

Maintenance, Installation & Service Guidelines:

1. The protective coating prevents the accumulation of water droplets, makes the product easy to clean and eliminates the need for abrasive cleaners.
2. Clean the surface using only a soft sponge. Cleaning pads labeled as "Safe for non-stick products" are recommended.
3. DO NOT use abrasives/scrubs/coarse cloth/scouring agents to clean. Use of the same can damage the coating and will make the warranty void.
4. DO NOT use bleach/acids/toilet cleaning agents on the product. Use of the same can result in fading of the colour and will make the warranty void.
5. Warranty is valid under normal. operating conditions of water quality with below limiting values: TDS $\leq$ 1000 mg/L , Hardness $\leq$ 375 mg/L.
6. It is recommended to wipe the product dry using a soft cloth immediately after cleaning with water, to maintain the colour.
7. The handle can be opened using the allen key provided with the product; DO NOT use sharp tools like a spanner or hammer on the colour-coated surfaces of the product.
8. Installation to be done by a professional as per above instructions. Dismantling and service of the product post-installation should be done.
