Artize

ARTIZE

Behold the exquisite patterns in Indian Warli, Egypt Hieroglyphs and Congo Designs, finely lazer-cut into high grade laminate shutters. Sleek Artize shutters are the first-of-its-kind design innovation brought to you by Sleek... a unique feature which you won't get with carpenter-made kitchens or with other kitchen vendors. Artize includes features like boiling water resistant ply, accessories made in SS 304 with a lifetime rust-free warranty and European hardware.

It's a kitchen for art lovers- simple and yet a masterpiece, and at a price which is a steal.
